

# Calhoun County YMCA Afterschool Childcare

## Program Information

Our afterschool program is a state licensed facility with well-trained and qualified staff. Our sites are located at HJM and JR Elementary schools. We have many different activities going on each day such as board games, outdoor games and various arts-n-crafts. We also offer homework tutoring for our children with staff to assist them afterschool each day. Our entire afterschool curriculum is from the YMCA of the USA. We pick up children from every school in Port Lavaca. We are a CCS vendor and we offer scholarships for those who qualify for assistance with payment. We hope that you will join us each day this school year after school.
